Adopted

D. Cell Phone Coverage

WHEREAS cellular coverage remains insufficient in several regions of Quebec, limiting access to an essential service for residents and visitors;

WHEREAS the Government of Quebec has committed to deploying complete cellular coverage across the territory by October

2026, recognizing its importance for citizens' quality of life and socio-economic development, particularly in a context where automation is becoming an essential solution to the labour shortage;

WHEREAS reliable cellular services are essential to guarantee access to information, health services, and public safety interventions, and that poor coverage compromises the safety of people in areas with limited coverage or when roaming, particularly in the event of an emergency requiring rapid intervention by first responders;

WHEREAS the Canadian Radio-television and Telecommunications Commission (CRTC) procedure CPC-2-0-17 imposes conditions of licence on cellular service providers (CSPs), including mandatory roaming, tower sharing and the prohibition of site exclusivity, in order to promote access to the network for subscribers of another CSP when a service is available;

WHEREAS this same procedure does not, however, require CSPs to request the service of another provider in the event of non-existent coverage in a given region, thus limiting the scope of the measure;

WHEREAS the Government of Quebec and the CRTC provide significant subsidies to telecommunications companies for the construction of new cellular infrastructure in order to improve coverage in the regions;

WHEREAS despite the presence of more than 8,500 cell towers in Quebec, the exclusive use of these towers by a single CSP limits access for other providers and constitutes a major obstacle to the deployment of optimal cellular coverage for the entire population;

THEREFORE,

007-2025

IT IS proposed by Councillor Shea:

TO ASK the Liberal Party of Canada, the Conservative Party of Canada, the New Democratic Party of Canada and the Bloc Québécois:

- To include in their electoral platform for the next federal election the obligation for all cellular service companies to enter into roaming agreements so that cellular service customers, regardless of their provider, can benefit from the presence of cell sites in the region where they are located;

TO FORWARD a copy of this resolution to the Minister of Finance of Quebec, Mr. Eric Girard, who is responsible for fulfilling the government's commitment to provide cellular service throughout the inhabited territory in this mandate;

TO TRANSMIT a copy of this resolution to the directors of telecommunications companies, in particular BCE (Bell), Videotron, Rogers, TELUS and Cogeco.

Adopted

E. Sûreté du Québec

Billing of municipalities served by Sûreté du Québec services

WHEREAS the municipalities served by the Sûreté du Québec have just received their bill for 2025;

WHEREAS the average of the increases announced is 6.47%, but that the increases for several municipalities are much higher, even considerable;

WHEREAS the 2025 bill marks the end of the transitional period leading to a 50-50 split of the bill for Sûreté du Québec services between the Government and the municipalities. A period characterized by the establishment of a 7% increase ceiling and a 2% floor;

WHEREAS during the negotiations for the new formula in 2019, the authorities of the Ministry of Public Security assured its municipal partners that the increases would be approximately 3% per year once the transitional period was over and that this formula would protect the municipal world from increases of the nature of those announced in 2025;

WHEREAS the inflation rate is now less than 2%;

WHEREAS the media have recently reported on the management of police overtime in the regions, which is causing significant pressure on the overall cost of the Sûreté du Québec service billed to municipalities;

WHEREAS the legitimate questions from several elected officials concerning the real impact of the number of unfilled police positions and the significant use of overtime when an effective police service requires stability and a long-term community presence;

WHEREAS the reckless increase in the costs of the Sûreté du Québec and their impact on the bill imposed on municipalities;

WHEREAS the municipal world is not involved in determining the working conditions of police officers and the management of the Sûreté du Québec;

WHEREAS the total amount billed to municipalities for 2025 amounts to more than \$444.8 million, a considerable amount that should give municipalities a say in the management of these services.

008-2025

IT IS proposed by Councillor Morris that the municipality of Sheenboro ask the Minister of Public Security, Mr. François Bonnardel:

- To mandate an external firm to analyze the management of the Sûreté du Québec, similar to the approach taken with municipal transport companies, which identified possible solutions to save several hundred million dollars;
- To maintain a ceiling and a floor for the increase in bills in the permanent formula as well as in the transitional formula until the analysis has identified ways to control the inconsiderate increase in the cost of Sûreté du Québec services.

That a copy of the resolution be sent to the Minister of Public Security, Mr. François Bonnardel, to the Member of Parliament for the riding of (insert the name of the riding and the name of the Member of Parliament), to the Director General of the Sûreté du Québec, Ms. Johanne Beausoleil and to the President of the Fédération québécoise des municipalités (FQM), Mr. Jacques Demers.
